CATTLE SCARCE AND DULL, WITH NO INDICATIONS OF ADVANCE.

Hogs Dull and Selling at About Five Cents Lower-Sheep Steady-Condition of Other Markets.

UNION STOCKYARDS, INDIANAPOLIS, Feb. 12.-Cattle-Receipts light; shipments none. There was the usual small Monday supply of cattle to-day, and with not enough to establish prices for any grade there was, of course, no quotable change to note compared with the close of last week, but, in keeping with other markets, the outlook is rather lower. The calf market was a little dull, and except for prime kinds prices were considered 50c lower than recent figures. Quotations:

There was an average Monday run of hogs, and with order men practically out of the market and other places reported lower, the opening was a little dull with ig lower. The quality was not extra, but a few choice hogs were represented and with packers the leading buyers all were finally sold at a general decline of about 5c in prices. Quotations:

A very small supply of sheep and lambs was received, and, as usual at the beginning of the week, there was no urgent inquiry from any source. Finally, however, a good clearance was made at quotably steady prices compared with those current at the close of last week. Quota-

Transactions at the Interstate Yards. INTERSCATE STOCKYARDS, INDIAN-APOLIS, Feb. 12.-Cattle-Receipts light shipments none. The extreme light supply is not unusual on Monday, as there are seldom any fresh receipts on that day. In the absence of any transactions worthy of note the market can reflect only the general feeling, which is rather weak and looks lower. Indications are only fair for the near future and point to a quiet mar-

ket. Quotations: Good to choice shipping and export steers..... \$5.25@ 6.0 Fair to medium shipping and export steers, 1,250 to 1,400 lbs average Good to prime dressed beef and butcher steers, 1,150 to 1,250 lbs

Horses.

UNION STOCKYARDS, INDIANAPOLIS, Feb. 12.-The receipts of horses for the auction to-day were small, and no strictly high class animals were represented. Less than 100 head were offered, consisting principally of chunks and Southerners, and the quality was fairly satisfactory. There were as many buyers as usual at this time in the week, and with moderate competition the small supply changed hands promptly enough at prices as high as those current for equal kinds last week.

PROSECUTIONS AGAINST AMOS AND CHERRY ARE DISMISSED.

Increasing the Debt in Adams County -Child Dies Under Faith Cure Auspices-Casualty List.

Special to the Indianapolis Journal. SHELBYVILLE, Ind., Feb. 12.-The trials of Commissioners Amos and Cherry under impeachment accusation were brought to a close to-day by an agreement and judgment for costs against the defendants. Both of them having resigned their offices, the cases were dismissed. No successor to Mr. Cherry has been announced to the public to the present time.

Mr. Ray, of the Democrat, to-night emphatically denied the statement made last week that he had publicly boasted that he had Mr. Amos's resignation in his possession and had been offered \$1,000 for it. He declared it was a falsehood and contained no truth whatever.

CRIMES AND CASUALTIES. Child of Plymouth Couple Dies Under Faith Cure Regimen.

Special to the Indianapolis Journal. PLYMOUTH, Ind., Feb. 12.-The fourmonths-old child of Mr. and Mrs. Freeman Keiser died Friday. Keiser and his wife refuse to allow their children to attend school or enter any of the churches in the city. They will not allow a physician to enter their home, and they declare that God always tells them what to do in sick ness or health. Two other children were sick when the infant died and the members of the board of health went to the house to ascertain if any contagious disease existed. They were told by Mr. and Mrs. Kelser that the babe was sleeping and they had been "assured by Almighty God that He would restore it to life the third day.' They refused to answer any questions as to the symptoms of the other children. but after an examination by physicians it was found that no contagion existed. The parents said the child should not be buried The board of health took forcible possession of the body yesterday afternoon and interred it.

Keiser and his wife were adjudged insane few years ago but the physicians at Longcliff decided that they were not insane and returned them to this city within a week after they were sent to the asylum.

Dowle Adherent Found Guilty. Special to the Indianapolis Journal.

CROWN POINT, Ind., Feb. 12.-The jury in the criminal case of the State of Indiana against Carl Struck, of Chicago, John Alexander Dowie's coachman and chief of his bodyguard, returned a verdict of guilty this morning and fined him \$400 and costs. The suit was the result of the trouble between Dowie's converts and citizens of Hammond last October, when Dowie and his followers were stoned out of the town. During the melee Struck hit A. A. Walker in the face, and Walker had him arrested for assault and battery. Prosecutor Sutton is elated over the victory, and hopes to convict John Vantentz, another Dowleite, at the next term. He testified that it was he who hit Walker and not Struck. The prosecutor believes Vantentz will plead guilty, as he admitted his guilt in his testi-

No definite action was taken other than to appoint a committee composed of N. U. Hill, Edwin Corr, Joseph Shea and Charles L. Henry to look after the insur-ance on the burned building. No details were arranged as to rebuilding and nothing will be done until the insurance is adjusted. Owing to the bad weather, little or nothing can be done now, in the building line, and the trustees will do well it they can get Wylie Hall completed and ready for the fall term in September.

But the people here seem dissat- for a new trial, their motion to that effect embodying twenty reasons. The principal ones are that the presiding judge erred in charging the jury, also that the bailiff of the jury coerced that body, it being alleged that he told the members that unless they agreed to a verdict by 10 o'clock, Sunday night, he would leave them locked up until the next morning and not call the judge attorneys.

BASEBALL MARPLOTS.

Promoter Quin and His Magnates in Session at Chicago.

CHICAGO, Feb. 12.-The meeting of the promoters of the American Association of Baseball Clubs called for this afternoon by acting President Harry Quin, of Milwaukee, was postponed until to-morrow morn-12.—Henry | ing and the organization of the new league cities were present to-day at the conference held in the Great Northern Hotel, but it was thought best to postpone any definite action until representatives from Detroit and Boston arrived. Tom McCarthy, of Boston, arrived on a late train to-night, and Thomas J. Navin, of Detroit, is expected early to-morrow morning. Upon the efforts of these magnates depends the life of the organization that is proposed as a rival to the National League. Those present to-day were: Philadelphia, Frank Richter and G. H. Regar; Baltimore, John McGraw, Philip Peterson and Secretary Goldman: St. Louis, Al Spink and G. P. Hecket; Milwaukee, Harry Quin and Alderman Havenor; Chicago, A. C. Anson; Louisville, Isaac F. Whiteside and C. L. President Quin's partner, arrived late to-

> owing to an important meeting of the City Council. The promoters say there will be little or no trouble in getting sufficient backing for a circuit of eight clubs. Seven clubs have been secured that have the backing needed and the eighth is thought to be available. Some difficulty may be experienced in balancing the circuit, getting four Western and four Eastern clubs, as there are two applicants for the fourth place on the Western side, while Providence is looked upon only as a possibility for the East. It is expected, however, that representatives will be present to-morrow from Providence and if sufficient backing is shown by the other cities Providence may come in also. Washington is also looked upon as a possibility in the event of the default of Provi-

Louisville is making a strong play for the fourth place on the Western circuit. J. F. Whiteside, of Louisville, is here and is making a hard fight. He says he believes he can persuade the other delegates that Louisville deserves admission and would give good support to the new asso-

There is considerable speculation over who will probably be the president of the new organization. Some of the delegates favor a younger man than Anson and there is talk of Zach Phelps, of Louisville. Anson would, in that event, manage the Chicago club. The towns are Des Moines, Sioux City, Omaha, St. Joseph, Denver and Pueblo. The sea-son will open May 1 and close Sept. 10. MORE ISLANDS OCCUPIED

AMERICAN FLAG HOISTED ON CALA-GAN AND THE TATANES.

Japanese Emblem Reported to Have Been Found Floating Over Bayat -Governors Appointed.

MANILA, Feb. 12.-It is reported that the United States gunboat Princeton visited the Tatanes and Calagan islands, which were omitted from the Paris treaty of peace, being north of 20 degrees of lat-

at the Bayat island and refrained from landing there, pending orders. The Princeton occupied the northern islands under a government order. The report that the Japanese flag was found flying is not confirmed, but there are rumors that Japan intended to take the islands. The natives willingly substituted the American for the insurgent officials

and took the oath of allegiance. The natives of Samar and Leyte are returning to their towns and the normal conditions are being resumed.

Reports from native sources, which are

not confirmed, say General Pio del Pilar, the insurgent commander, died of fever WASHINGTON, Feb. 12.-It is learned at the Navy Department that the Princeton is acting under the orders of Admiral Watson and not under those of General Otis

ir raising the flag over the northern islands of the Philippine archipelago. The assumption is that this policy was dictated from Washington. As to the islands reported to have been situated and taken possesion of north of the twentieth degree of latitude it is said they are clearly within the limits of the ceded territory. The peace treaty does not fix the northern boundary as precisely on the twentieth degree, but as running through the Bashee channel, about the twentieth degree, and the islands are south of that channel.

POWDER FROM MATCHES.

Visayans Break Off Heads and Get Smokeless Explosive. WASHINGTON, Feb. 12.-An ingenious

way of getting a smokeless powder out of the heads of Japanese matches has been disclosed in the Philippines. A report received at the War Department from Panay, Visayan islands, says "The robber bands which are now devastating are badly armed and are arrant cowards, but cruel and take no prisoners. An illustration was given a short time ago in the fate of three soldiers, who, having made themselves stupidly drunk on tuba, the distilled sap of the cocoanut trees, were left behind by the command. Their throats were promptly cut by bolo men.

"A patrol party of ten or twelve men sent after the stragglers, we learned afterwards from native sources, ran into an ambuscade of some 200 insurgents, who did not even dare to attack, for they said the country was open and they would be hurt. Eight or ten Americans can go anywhere, but a man alone is in great danger of being shot from ambush or from any house or tree along | "The natives of the Visayas have not many guns, but a greater need of ammuni-

tion. A curious trick has been discovered

which shows their rascally ingenuity. For

a long time we heard of quantities of Jap-

anese matches coming into Ilollo and nobody could guess why so many millions should be received. Finally it was suggested the heads of these matches made : "Experiments were made here and we found by rubbing the compound from the stick a practically smokeless explosive was obtained of higher power than black powder, giving a velocity so great the lead bullet stripped, but even entering sideways,

penetrated about five inches further into sand than was the case with black powder, the bullet entering point on. "As the rascally insurgents slip out of what little uniform they wear, hide their guns and bolos, and come in dressed in the usual white shirt and trousers as amigos, smilling friendly, they could readily obtain all the matches they required for the next attack. The cost is small, and no

more identification is possible than of an individual mosquito."

Lieut. Higley Dead. WASHINGTON, Feb. 12 .- Among the list of deaths in General Otis's report received at the War Department to-day was that of First lieutenant Brainerd S. Higley, assistant surgeon U. S. A., who died

at Corrigidor island in Manila bay on the third inst. of acute dysentery. Lieutenant Higley was a native of Ohi and was apponted to the army from that State Nov. 7, 1897. He entered the army medical school in this city immediately on his appointment and graduated at the head of his class on April 1, 1898. Before leaving for the Philippines he was stationed at Fort Niobrara, Neb. He was considered a proficient officer and surgeon. Lieutenant Higley was about thirty years of

age and leaves a widow and one child. Recruits for the Philippines.

WASHINGTON, Feb. 12.-What is virtually a new regiment is being organized at Fort Slocum, New York harbor, for service in the Philippines. The men are all new recruits and are intended to supply deficiencies in the regular regiments in the Philippines caused by death, discharge or other causes. The number, which is about 1,100, includes infantrymen, cavalrymen and members of the hospital corps. Commanded by about thirty-six officers, they go to Manila by the Suez route on the transport Sumner. That vessel is now undergoing extensive repairs at the Norfolk navy yard and will start on her long trip soon after the 1st of March.
